HOW TO READ A SCHEDULE

1

Select the appropriate schedule for your trip.

2

Select the appropriate column on the schedule. This will depend upon whether you are traveling on a weekday or weekend, and whether your trip is inbound or outbound

3

The schedule lists timepoints at which the vehicle will arrive at certain major intersections or other landmarks (such as apartment complexes and shopping centers). Find the timepoint column which is closest to where you want to board the bus.

4

Now find your destination and locate a timepoint column along the route nearest your destination

5

Decide when you want to arrive at your destination. Then work backward from your destination timepoint on the schedule for the closest departure timepoint to find out when to catch the vehicle.
